Gutters & Downpipes Required:	Yes				No	X
Windows Required:	Yes				No	X
Skylights Required:	Yes				No	X
Insulation:						X
Custom Specifications						
Any additional information / specific requirements (indicate here if you require a different model / construction material, etc.)						

* ZINCALUME® is a range of metallic colour coated sheet products that offer two to four times the corrosion resistance of galvanized steel ($\pm 10\%$ more expensive than galvanized).

** CHROMADEK® is a range of metallic colour coated sheet products that offers the ultimate corrosion protection ($\pm 25\%$ more expensive than galvanized).
